MERCEDES V-CLASS

▶ Elegance and Style

A perfect combination of elegance, style and technology.

▶ Maximum Safety

During both the loading and transport phases.

▶ Transport and Self-Driving

Ideal for the transportation of wheelchair passengers and for self-driving solutions.

▶ Versatility and Flexibility

Seating configuration can be easily adjusted according to the transport needs.

ELEGANT DESIGN, UNLIMITED FREEDOM

Elegant and refined, Mercedes V-Class with Fiorella Slim Fit Lift offers an enhanced travel experience for all passengers and a great freedom of movement to the person in wheelchair. V-Class is the ideal vehicle for family use, when the person in wheelchair travels as a passenger, and for self-driving solutions allowing the wheelchair user to drive independently.

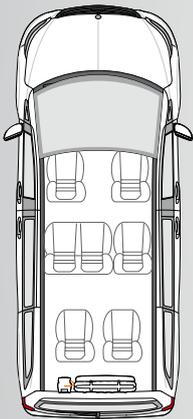

Designed specifically for people, the Fiorella Lift boasts unique design and ease of use and guarantees the person in wheelchair an easy and comfortable access to the vehicle. In combination with V-Class features, the Fiorella Lift ensures passengers a relaxing journey in a fine and pleasant travel environment.

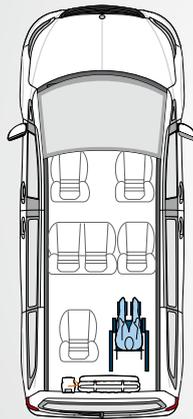

Fiorella Slim Fit can be installed on the rear access door of V-Class. The F-Twister swivel base allows rotating the Fiorella lift by 90 degrees. This option makes loading of luggage and goods very easy, and it also represents a quick and efficient emergency exit in case of necessity. Not only! F-Twister also helps the caregiver to carry out wheelchair and occupant tie-down operation from a comfortable position.

MERCEDES V-CLASS - CONFIGURATION AND TECHNICAL SPECS

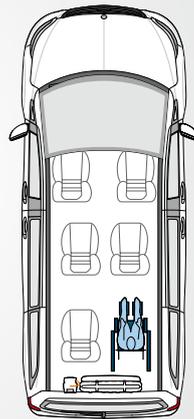

Mercedes V-Class offers great flexibility in seating configurations thanks to its removable seats mounted on tracks. Available also in Long and Extra Long version, V-Class can accommodate up to 2 passengers in wheelchairs and 4 able-bodied passengers.
