ABS Interior Trims Restyling

Focaccia Group introduces the new interior trims restyling project based on Renault Trafic. The interior trims boast an elegant design, redefining the look and style of the vehicle, in compliance with the highest quality standards defined by European Body Builders.

Window covers, wheel arch and seat-leg covers contribute to enhance the visual appeal of the vehicle, creating both a cosy and elegant travel environment for all passengers.

F-Twister also helps the caregiver to carry out wheelchair and occupant tie-down operation from a comfortable position. Thanks to the unique features of F-Twister, Opel Vivaro F360 meets the **Easy=Safe** criteria.
